### A ROYAL ARRIVAL IN CAPE TOWN

Beneath Cape Town's golden sky, Queen Anne – Cunard's newest ocean liner – made her elegant South African debut. This regal vessel completed a 107-night maiden world voyage, visiting 30 ports across 18 countries. Aboard, art deco charm blends with modern luxury: Michelin-starred menus, Harper's Bazaar-curated wellness rituals, couture boutiques, and opulent suites offer unmatched

sophistication. Champagne flows, string quartets serenade, and the sea stretches beyond sweeping decks. More than a ship, Queen Anne is a floating world of heritage and innovation. With her return set for 2026, South African travellers are invited to rediscover the romance of ocean travel, reimagined in style.
