Downton Abbey: The Grand Finale follows the Crawley family and their staff as they enter the 1930s. When Mary (Dockery) finds herself at the centre of a public scandal and the family faces financial trouble, the household grapples with the threat of social disgrace. The Crawleys must embrace change as the staff prepares for a new chapter with the next generation leading Downton Abbey into the future.

TIMELESS SOUTH AFRICAN: CELEBRATING 101 ICONIC DISHES

By Ilse van der Merwe

It is impossible to be an insider in each of the many communities that make up the South African culinary landscape, but one thing we know for sure: food brings people together. With this in mind, Ilse van der Merwe has compiled a list of 101 iconic South African dishes – food not only

revered as highly recognisable heritage classics, but also everyday dishes that are loved and prepared in many South African households today. Well-researched and filled with fascinating anecdotes about South Africa's rich and diverse cultural history, this book celebrates the country's unique melting pot of culinary traditions, highlighting the origins of many well-known South African dishes, as well as how they have been reinvented over time.

THE SECRET OF SECRETS

By Dan Brown

Accompanying celebrated academic, Katherine Solomon, to a lecture in Prague, Robert Langdon's world spirals out of control when she disappears without a trace from their hotel room. Far from home and well out of his comfort zone, Langdon must use all his arcane knowledge against forces unknown to

recover the woman he loves. Against a backdrop of vast castles, towering churches, graveyards buried 12 deep and labyrinthine underground passages, Langdon must navigate a shadow city hiding in plain sight, which has successfully kept its secrets for centuries and will not readily deliver them. This is a battlefield unlike any he has previously experienced, one on which he must fight not only for his life, but for humanity itself. *The Secret Of Secrets* is Dan Brown's first novel for over eight years and sees the stunning return of Harvard symbologist Robert Langdon, this time pitting his wits against a conspiracy which will test even his considerable brainpower and take him to the edge of losing all that he holds dear.
